Leadership Book for Youth Seeking Change Now a Free Download

What Would Love Do Foundation Supports Changes to Gun Laws

Dayton, OH, USA (March 24, 2018) – What Would Love Do Foundation co-founder and author, Christine Horner has announced the book, *Awakening Leadership: Be Leader You Were Born to Be for Millennials & TransGenerationalists (Generations Y & Z)* is now available for free download in ebook format through the non-profit's website, BetheChangeGrants.org.

Held at gunpoint by five gunmen at the credit union where she worked while living in Albuquerque, New Mexico, Horner penned an article for the foundation's eMagazine, *Your Brilliant Future Here Now*, ahead of the March for Our Lives Event held in Washington, D.C. "America must grow up and minimally take responsibility for the negative social benefits of living within a gun society." Horner goes to say, "TransGenerationalists don't wait for change. They realize they are the change themselves—and they want it now."

Though the initial chapters of Horner's book, *Awakening Leadership*, speak to Gens Y and Z, the remainder of the book is for anyone seeking to be the positive change they wish to see in the world utilizing the book's New Leadership Blueprint. An edition for all generations is also available for free download, *Awakening Leadership: Embracing Mindfulness, Your Life's Purpose, and the Leader You Were Born to Be*.

Pick up your free copies of *Awakening Leadership* at: BetheChangeGrants.org/leadership-books/
